French Immersion at Cityview School

Why immersion? Early immersion is one of the most effective methods known for acquiring a second language. Students in immersion programs acquire the same proficiency in English and achieve the same levels of competence in their academic subjects as their peers who attend all-English programs. Immersion students acquire advanced levels of functional proficiency in French. They are able to do their schoolwork and communicate with their friends and teachers.

Research has shown that immersion programs are effective for students. Make an appointment and visit a French Immersion classroom !!!

Summer School

Summer School 2018

Summer School is an opportunity for students to advance their learning through engaging instruction. This program is hosted at Cluster Sites around the city. The program focuses on Reading and Math, but also includes subjects such as Science, Technology, Engineering, Social Studies, Art, Music, Physical Education and other classes. Students will receive transportation, breakfast and lunch.

Applications are still available in the front office. If you have any questions, please call Ms. Terry at 612. 668. 2270.

Home & School Connection: Working Together for School Success
A Small note from Principal Renee Montague

How do we balance the budget?

We have to focus on what counts – and we have to do it together.

Thank you families for your input regarding the budget for next 2018-19 school year. We are a community together and we want what's best for our students, families, and staff. Moving forward, I still want to hear your recommendations and input on how we can continue to improve Cityview school.

We exist to ensure that all students learn.

We support their growth into knowledgeable, skilled and confident citizens capable of succeeding in their work, personal, family and community lives into the 21st century.

Minneapolis Public Schools promises an inspirational education experience in a safe, welcoming environment for all diverse learners to acquire the tools and skills necessary to confidently engage in the global community.
